Columns A & B General Instructions

- List **all personnel currently providing early intervention service coordination, evaluation or service provision**. List **only** active personnel. This includes all EI personnel **employed or contracted** at the time of the onsite review (i.e., personnel who are working continuously, personnel who are called on an as-needed basis such as evaluators or substitutes, and personnel who are available to work and who would be assigned to EI work immediately). **Do not include** inactive personnel who are on leave, no longer work at your agency, and will no longer be assigned to work for your agency.
 - Paraprofessionals/aides, volunteers and individual consultants who have regular and substantial contact with children in the EI program, should be included on the list.
 - If your agency contracts with any agency(ies) to provide EI service, please include the actual agency name. **Do not** fill in Column G (Type of Certification or License) for agencies.
 - **If your agency is approved as a direct provider of transportation as an EI service**, and currently contracts to provide this EI service, include bus drivers and bus aides. If another agency or municipality contracts with the transportation provider to deliver this service to the EI children in your program, do not list any bus drivers or bus aides.
 - Include any other personnel who work directly with children in your EI program as a licensed/certified practitioner, even though they do not provide early intervention service coordination, evaluation, or service provision. This may include a physician under contract with your agency to provide physical examinations when needed, a registered nurse who administers medication and/or takes care of children who are ill, etc.
- Personnel names must be listed by last name, and must be listed in the same order that the personnel records will be presented at the on-site review. **Alphabetical order, by last name, is preferred**.
 - Personnel names (including first name and middle initial Column B) must match the name that is on their NY State license/certification, unless that is no longer their legal name, if so, then fill in Column C with their “other” name variation, i.e. marriage/divorce.
